Subject: Off-Agenda Report Relating to the Timpany Center Reopening

The Timpany Center, a non-profit educational and therapeutic service center that serves community members through a partnership between San Jose State University Research Foundation and the County, has been closed for more than a year due to COVID-19. The Timpany Center is planning a phased reopening in August and the report below provides information on the reopening.

On August 2, 2021, the land fitness center will reopen from 8:30 a.m. to 5:00 p.m., and Imotion Physical Therapy will also then begin seeing clients again at the Center. However, since the Timpany Center does not handle Imotion appointments or inquiries community members will need to call 408-275-1500 or email info@omegasportsrehab.com.

On August 16, 2021, the pool will reopen with open swim memberships and drop-in access only. The hours for open swim will initially be 8:30 a.m. to 5:00 p.m. but will later expand once the Center is able to staff more lifeguards. There will be no water fitness classes at this time, but staff will continue to host online Zoom sessions.

All members will be required to fill out new health history forms and paperwork to participate in any offered programs. There will be a follow-up email to members with the new forms and further information the week of August 9th.

Per California regulations, all members who are not vaccinated will be required to wear an appropriate face covering, as defined by the Centers for Disease Control and Prevention, at all times, including the pool and pool area, locker rooms, etc. Vaccinated members, however, have the option to wear a mask anywhere inside the facility. Also, under the current rules the Timpany Center will be unable to accommodate swimmers under 12 years old or host swim lessons for children under 12 years old at this time. If regulations should change, members will be notified immediately of said changes.
