SUBJECT: Updates to Submission Timeline for the Food Systems Report Due September 2022

At the June 28, 2022, Board meeting (Item No. 9), the Board directed Administration to report in September 2022 with options for consideration relating to the provision of funding to the network of food-based organizations to stabilize and sustain the provision of food assistance in Santa Clara County; provide an overview relating to which provisions and funding are already in place and the role of the County in supporting those efforts; and include all previous reports within a grid or analysis relating to prior and ongoing food system efforts in the report.

Due to unforeseen events, staff working on the report are not available to complete the report for September 2022. Administration is targeting to submit the report in an October 2022 Board of Supervisors meeting.
